Local organizers: M. Kompis – M. Caversaccio

WELCOME IN INTERLAKEN

Dear Friends and Colleagues

It is with great pleasure that we invite you to join us in Switzerland for the 8th International Congress on Bone Conduction Hearing and Related Technologies.

The congress will focus on the newest developments and the latest research in bone conduction hearing. Renown speakers will present their views on the state of all aspects the art of bone conduction hearing, including surgery, audiology, and rehabilitation.

The congress is organized and hosted by the Department of ENT, Head and Neck Surgery of the University of Bern, the capital city of Switzerland. At our University Hospital, bone conduction hearing devices have been playing a major role in research and in clinical practice for several decades.

The congress takes place at Interlaken, a small city less than one hour's drive from Bern. Interlaken is located at a beautiful spot of the Bernese Alps, surrounded by mountains and two lakes. It is easy to reach and offers an ideal setting for the congress and for exciting networking events.

We are looking forward to welcome you in Switzerland for OSSEO 2021
